Lecture – Darlith

Starting around 8.45pm and lasting about 30 mins, with a chance for questions and a drink afterwards.

A unique opportunity to relax after the AGM and to hear **Tom Livingstone** talking about his stunning ascent this summer of the **North Ridge of Latok 1** on his first visit to the Himalayas! The expedition received a BMC grant to cover some of its costs.

Tom studied Sports Science at Bangor University, so he knows the Welsh scene very well, and he enjoys all aspects of hill-walking, climbing and mountaineering.

See the link above if you want to know more about Tom or better still, stay on for the lecture, listen to what Tom's got to say and ask a question!
