

Organisational Review Presentation & Area AGM...

...at the BMC Midlands Area Meeting

Members of the independent **Organisational Review Group** will present their interim report and recommendations for change to the BMC's governance and organisational structure.

This is an important opportunity for members to discuss the group's findings and provide feedback to help shape the final proposals, which will go to a vote at the BMC AGM in April 2018.

The November meeting is also the **Area AGM** and will include elections for various volunteer roles; the area is currently seeking a new Chair and Area Youth Co-ordinator.
